S.N.	Department Name	Outside Department Programme electives
1.	**B.Tech. Computer Science and Engineering Students**	Introduction to Internet of Things, EE
		Introduction to Data Science, EE
		Computational Imaging, EE
		Embedded System Design, EE
		Embedded System Design Lab, EE
		Image Sensor Design and Applications, EE
		Introduction to Cyber-Physical Systems, EE
		Principles of Data and System Security, EE
		Resource Constrained AI, EE
		Sensors and IoT Lab, EE
		Speech and Audio Signal Processing, EE
		Systems-on-Chips Design, EE
		Wireless Communication, EE
		Data Communications and Networking, EE
		Introduction to Robotics, ME
		Quantum Computing, CY/PH
		Introduction to Quantum Information, CY/PH
		Quantum Cryptography and Coding, CY/PH
		Fundamentals of Digital Humanities: Fractal-2 (Data and Knowledge representations), DH
		Analysis of Social Media Networks, CS
		Human Factors in Interaction Design, DH
		Digital Methods and Tools: All Three fractals, DH
		Planning and Decision Making for Robots, ME
		Autonomous Systems, CS
		Computational Game Theory, MA
2.	**B.Tech. Mechanical Engineering Students**	Medical Devices and Implants, BB
		Solidification Processing, MT
		Powder Metallurgy, MT
		Thermo-Mechanical Processing, MT
		Near-Net Forming, MT
		Plastic Deformation and MicrostructureEvaluation , MT
		Introduction to Data Science, MA
		Reliability Theory, MA
		Advances Statistical Techniques, MA
		Introduction to Modelling, MA
		Artificial Intelligence I, CS
		Machine Learning I, CS
		Introduction to CPS, EE
		Introduction to IoT, EE
		Sensors and Measurements, EE
		Machine Learning 1 - CS
		Neuromorphic computing and design - CS
		Artificial Intelligence 1 - CS
		Edge and Fog Computing - CS
		Robotics (or any fractal) - ME
		Optimization - MA
		Introduction to Data Science, MA

3.	**B.Tech. Electrical Engineering Students**	Reliability Theory, MA
		Advances Statistical Techniques, MA
		Introduction to Modelling, MA
		Particle Physics, PH
		Quantum Mechanics, PH
		Quantum Computing, CY/PH
		Quantum Field Theory, PH
		Computer Vision, CS
		Digital Image Analysis, CS
		Bio-Image Computing, CS
